FILE HEADING

Raising the rate of toll on Municipal Carts

From The D. C. Lunglei &c

No. He. 306/19-20 Dated 4-10-19 Received 10-10-19

Diary No. 2510	Enclos 1 Spare Copies	Serial No 1

BRIEF ABSTRACT OF LETTER

Proposal to raise the rate of toll to 4 and 2 annas on laden and empty carts respectfully to meet the Maintenance and New charges connected with the Lunglei town Water Supply &c.

NOTES AND ORDERS

Verified

The combined annual charge for maintenance (of water works) interest and sinking fund, is roughly estimated at Rs 1800 of and to meet this expenditure it is proposed to raise the toll rates on laden and empty carts. The rates have been allowed to finance their income from direct

resources in their order no 8471-511 / LB 253-12 / 23-4-13 Govt have fixed the maximum rates of toll and they are annas 4 and 2 on laden and empty carts respectively. Submitted with a draft for approval or orders

mg H 15-10

Wd 15/10

Mr Ryan's letter explains the necessity for the increased levy of Toll duty. Except that the levy is an indirect source of taxation it does not appear to be anything to avoid. Point of Direct taxation should be developed to a greater extent in this Dist by a revision & enhancement of house tax levy of profession taxes, water rate proportionately, Sanitary cess & lighting tax and so on. The Mal. Cl. are trying to adopt suitably the line of least resistance and propose the enhancement of toll rates.

An ongoing map made when any attempt has been made to improve direct local taxation and if so what rate when it is not desirable Many existing of the other taxes mentioned also may not be ascertained

(Revised)

Correct

Office of the President, Tumkur Town Municipal Council,

Tumkur, Dated, the 1st October 1919

From

Ananda Rao Sirsi, Esquire, B.A.,L.L B.,

President, Tumkur Town Municipal Council,

Tumkur.

To

B. Ramaswamaiya, Esquire, B.A.,B.L ,

Secretary to Government of His Highness the Maharaja of Mysore,

Revenue Department. Bangalore.

(Through the Deputy Commissioner,Tumkur District)

Sir,

Adverting to Government order No. R. 14736-38/Ml. 224-15-7 dated 17th May 1919 according administrative sanction to the water supply scheme to Tumkur, I have the honour to state that the Council have been considering the question of meeting the maintenance and other charges connected with it. The income of the Municipality is derived from a few sources as noted 1. Octroi on cloth 2 Taxes on buildings and lands 3. Tolls 4 Mohatarafa 5 Pound 6 Miscellaneous in the margin and any increase from them -- will not be perceptable except perhaps in the case of toll which,at present bringing an income of Rs 9000/- annually The present income is just sufficient for ordinary expenditure and it is therefore very necessary to find out additional sources of Revenue to meet the demand Though it has been decided upon to levy Octroi on Kerocine oil and Timber the income derivable from these sources is estimated at Rs 2000/- The combined annual charge for maintenance, interest and sinking fund is roughly estimated at Rs 18000/ for which provision has to be made (Vide Dewan's Tour Notes in the Tumkur District in February and March 1918)

2. The imposition of Octroi on the marginally noted articules was removed so for back as 1905 and toll substituted for the obvious reason that 1.Cocanut dry 2 Cocanut fresh 3 Ghee 4 Betel leavs 5. Tobaco 6 Jaggory 7 Kerocine oil taxes on them were harrasing and difficulties of collection were very many The principle to be borne in mind suggesting sources of income is clearly indicated by Goverhment in their order

Enclosure No two

Ac 30/19 20

Forwarded with Compliments

Deputy Commissioner
Tumkur District

Camp Hagur
4/10/19

Proposes to raise the scale of toll to 4 and 2 annas on Cadru and Sanpathy carts respectively & wet Utsavamurthy annas and other charges Connected with the Tumkur town water Supply Scheme

Order No. 3005-55 Ml. 132-16-1 dated 16th November 1916 wherein it is stated that "the income of Municipalities should be derived from a few direct -- sources which can be easly and economically collected and account for At present the right to collect toll at the rate of two and one anna for laden and empty carts is given on contract and this period expires by the end of current official year and the Council will then have to consider the question of renewal of the contract either on the same or altered conditions. As a large saving of Rs 18,000/- has to be effected annually the Council has decided to rise the toll from two and one to four and two annas respectively, by doing which an additional Revenue of Rs 9000/- is expected to be derived The burden which ultimately falls upon the consumers is so small that it is almost imperceptable, and this can easly be collected and accounted for.

3. Under section 59 clause 3 of the Municipal Regulation the Council is empowered to levy toll up to a maximum rate of four and two annas and Government have also authorised District Boards in their order No. 8471-511 L.B 233-12-7 dated 23rd April 1913 to levy the same upto that limit.

4. The Council taking all these circumstances into consideration decided that the present rate of toll may be raised from two and one anna to four and two annas respectively

5 I, therefore, request that the matter may kindly be placed before Government and early sanction obtained for the levy of toll at four and two arnas per laden and empty cart respectively.

6 A copy of the resolution of the Council is herein enclosed for your kind perusal

I have the honour to be,

Sir,

Your Most Obedient Servant,

For President

(Through the Deputy Commissioner, Tumkur District)

S i r,

Adverting to Government Order No 7426 Ml 111-19-2 dated 6th January 1920 regarding the question of toll rate, I have the honour to state that as observed therein, objections were invited from the public on 16th January 1920 and a month s time was granted for passing them if any, As no objections were put forward for the consideration of the Council, it has decided in its meeting held on 1st March 1920 to request the Government to kindly sanction its recommendation for the enhancement of toll Byelaws already framed with respect to them have been sanctioned by Government in their order No 1339- Ml 69-13-73 dated 11th May 1914 and are in operation The enhancement of the rate alone is now considered

The contract terminates by the end of the official year and steps will have to be taken to notify the terms under which the contract for the ensuing year or some years as in the case of last contract should be given In framing the budget for 1920-21 the additional amount expected to be derived from the enhanced rate has been included under the head of receipts

In these circumstances, I request that sanction of Government may kindly be obtained early empowering the Municipality to levy toll at the enhanced rate of four and two annas for laden and empty carts respectively

S i r,

Adverting to your letter No R 11404 Ml 111-19-4 dated 31st March 1920 addressed to the Deputy Commissioner, regarding the enhancement of toll rate in the Tumkur Town Municipality, I have the honour to forward herewith the notice in original published in the Town inviting objections to the enhancement As the levy of toll has been in existance for the last 15 years and as Government in their order No 1339Ml 69-13-73 dated 11th May 1914 have sanctioned rules for the levy there of no additional rules have been framed in this connection

A copy of the rules sanctioned by Government is herein enclosed for your kind perusal (Vide page 18 of the printed bye-laws)

In these circumstances I request that early orders of Government may be obtained for the enhancement, as the term of the contract expires by the end of June 1920 and sufficient time has to be given to publish the notification calling for bidders

I have the honour to be,
